

CentRealTech Names Dennis Evans as Chief Financial Officer

Former Computer Access Technology Corp. Executive Joins Company

EL DORADO HILLS, Calif. – August 31, 2008 – CentRealTech, provider of the premier One Click System, a Software as a Service solution for the Title Insurance Industry, today announced that Dennis Evans has joined the company as Executive Vice President - Chief Financial Officer. Mr. Evans is a seasoned veteran with over 30 years of executive and financial management experience with both public and private companies in a broad range of industries including software, hardware, internet and public accounting (Price Waterhouse). Mr. Evans is the former Executive Vice President, Chief Financial Officer and Secretary of Computer Access Technology Corporation (NASDAQ: CATZ) where he guided CATZ through the completion of a successful Initial Public Offering. Prior to CATZ, he was the Chief Financial Officer of Whisper Communications, a wireless telemetry start up where he successfully raised over \$40 million in private equity. Mr. Evans has held senior financial executive positions with other high tech software companies including Sherpa, Inc. and Space Applications Corporation.

“Adding Dennis as our financial leader is a major milestone for CentRealTech and will enable us to move to the next level,” said Robert Matanane, President and CEO. “We are embarking upon a period of significant growth and the wealth of experience that Dennis brings to CentRealTech with his background with high tech software companies, along with his record of successfully raising both private and public equity, will be a huge asset for us.”

“I am really excited about joining CentRealTech as we begin our drive to penetrate this large emerging market with our great Software as a Service solution,” said Dennis Evans. “The One Click System from CentRealTech is the only automated single seat, full service solution for the Title Insurance Industry and I believe that the market is ready for this incredible answer that virtually automates the title production process for our customers.”
